 Senior Vice President

Gentlemen:

We have received a copy of your September 3, 1981 application which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. The application is for license amendment to add the North Carolina Municipal Power Agency No. 3 as co-owner for the Shearon Harris Nuclear Power Plants, Units 1, 2, 3 and 4. One Class II (\$1,200) and three Class I (\$1,200) fees were remitted with your application.

Based on information provided by the ONRR staff as the result of their preliminary review of your application, it has been determined that this application will involve financial and other considerations that will be more than administrative or pro forma in nature. Therefore, a Class III (\$4,000) fee is applicable to Unit 1 in lieu of the Class II (\$1,200) fee. It is requested that an additional sum of \$2,800 be remitted to our office. If the staff's final analysis of your application reveal that this fee is incorrect, you will be notified and an adjustment will be made.

Sincerely,

Original Signed by:
