Attention: Mr. John F. Stolz, Chief
Light Water Reactor Branch No. 1
Division of Project Management

Gentlemen:

SUBJECT: MARK II PRESSURE SUPPRESSION TEST PROGRAM, PHASES I, II,
AND III OF THE 4T TESTS - APPLICATION MEMORANDUM,
JANUARY 1977

In letters to G. G. Sherwood dated November 4, 1977 and May 25, 1978, requests for a non-proprietary version of the subject application memorandum were made in order to comply with 10CFR 2.790(b)(1) requirements. Since this information was to eventually be incorporated into the MARK II DFFR, there were no plans to generate a non-proprietary version of this report. However, to avoid any potential conflict with proprietary treatment of the information, a non-proprietary version of the memorandum (NEDO-23678) has been prepared and seventy (70) copies are being forwarded by General Electric on behalf of the MARK II Owners Group to comply with your request.

Your cooperation is requested in addressing all future requests for additional information on documents submitted by General Electric on behalf of the MARK II Owners Group directly to me, rather than Dr. Sherwood.

Very truly yours,

L. J. Sobon, Manager
BWR Containment Licensing
