Refer to: Docket Nos. 50-387
and 50-388, Environmental
Assessment, Transmission Line
Modifications, Susquehanna Steam
Electric Station

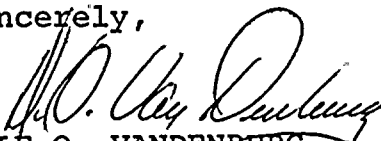

Dear Mr. Moore:

Coordination of planting and seeding of rights-of-way with the Pennsylvania Game Commission should ensure maximum practical protection of wildlife habitat and other vegetation.

Reproduction of Figure S-4, showing alternative rights-of-way was not clear. We traced these routes on a Pennsylvania D.O.T. map. Alternate Route B appears to cross less state forest, park, and game land than A or C; and C crosses less of this land than A.

Thank you for sending us this assessment.

Sincerely,

DALE O. VANDENBURG
