REGULATORY DOCKET FILE

APPLICATION FOR AMENDMENT OF
CONSTRUCTION PERMITS NOS. CPPR-101 AND CPPR-102

Pennsylvania Power & Light Company ("PP&L") is presently the exclusive owner and constructor of the Susquehanna Steam Electric Station, Units 1 and 2 ("SSES"), and the holder of Nuclear Regulatory Commission Construction Permits Nos. CPPR-101 and CPPR-102 for that facility. By this application, PP&L and Allegheny Electric Cooperative, Inc. ("AE") respectfully request that the Nuclear Regulatory Commission amend Construction Permits Nos. CPPR-101 and CPPR-102 to include AE as a co-owner of SSES, consistent with agreements between PP&L and AE as hereinafter described. PP&L will retain exclusive responsibility for the design, construction, and operation of SSES.

1. General Information

a. Name of Proposed Co-Owner

Allegheny Electric Cooperative, Inc. ("AE")

b. Address of AE

2929 North Front Street
Harrisburg, Pennsylvania 17110

(after April 1, 1977)

212 Locust Street
Harrisburg, Pennsylvania 17101

c. Description of Business of AE

AE is a non-profit federated cooperative association with thirteen members, as listed in Appendix A. Twelve of its members are rural electric distribution cooperatives serving rural areas in Pennsylvania and one is a rural electric distribution cooperative serving rural areas in New Jersey. Each of the members has been for the most part financed with loans from the Rural Electrification Administration. AE is the wholesale power supplier for each of its members.

d. Corporate Data Relating to AE

AE is a non-profit electric cooperative corporation duly organized, validly existing and in good standing under the Electric Cooperative Corporation Act, Pa. Stat. Ann. (Purdon) Tit. 15, §12401, et seq., and other applicable laws of the Commonwealth of Pennsylvania and is not owned, controlled or dominated by an alien, foreign corporation or foreign government. AE's principal place of business is located at 2929 North Front Street, Harrisburg, Pennsylvania 17110.

The names and business addresses of AE's directors and principal officers, all of whom are citizens of the United States, are as follows:

2. Financial Qualifications

a. Agreements

PP&L and AE intend to enter into agreements providing for their joint participation in the ownership of SSES. The principal elements of the several agreements are as follows:

i. Participation Agreement

PP&L will sell to AE an undivided 10% interest in SSES (excluding transmission lines), to be held as

tenants in common, for a cash contribution equal to 10% of the expenditures incurred by PP&L in respect to SSES. AE will pay 10% of all construction costs. PP&L will have absolute authority and discretion for the planning, design, acquisition and construction of SSES, and is authorized to act on AE's behalf in such capacities, including the pursuit of required authorizations, permits and licenses from the Nuclear Regulatory Commission and other regulatory authorities.

ii. Operating Agreement

PP&L will have absolute authority and discretion to control, manage, operate and maintain SSES. AE will pay 10% of all operating costs of SSES and will receive 10% of the capacity and energy of SSES.

iii. Transmission Agreement

AE will pay for the construction, operation and maintenance of, and will own, the greater portion of Sunbury-Susquehanna transmission line. PP&L will construct, operate and maintain this line for the account of AE. PP&L will have the complete and free use of this line so long as either unit of SSES is in commercial operation. PP&L shall provide to AE, without charge or cost, except as specifically set forth in the Transmission Agreement, a transmission service for AE's power produced by SSES from SSES to PP&L's points of interconnection with other utilities with which AE has arrangements for the delivery of such power for AE, and certain other transmission services.

iv. Power Purchase Agreement

During the first nine years of SSES operation, PP&L will purchase back from AE a declining portion of AE's 10% share of the energy from SSES.

b. Source of AE Payments for Ownership Participation in SSES

AE intends to obtain a Commitment Notice of a Federal Financing Bank loan with a Rural Electrification Administration ("REA") guarantee in which the Federal Financing Bank agrees to lend to AE funds sufficient for AE to discharge its obligations to pay to PP&L 10% of the cost of the planning, design, licensing, acquisition, construction and completion of SSES. Proper utilization of the funds by AE will be actively audited by REA. Prior to the issuance by the Nuclear Regulatory Commission of the license amendments herein requested, Applicants will furnish to the Nuclear Regulatory Commission a copy of the Commitment Notice.

c. Financial Statements

The most recent annual report of AE is attached to this application as Appendix B.

3. Security Agreement

AE agrees, pursuant to 10 CFR §50.37, that it will not permit any individual to have access to Restricted Data until the Civil Service Commission shall have made an investigation and a report to the Nuclear Regulatory Commission

on the character, associations and loyalty of such individual, and the Nuclear Regulatory Commission shall have determined that permitting such person to have access to Restricted Data will not endanger the common defense and security.

4. Communication

PP&L will be solely responsible hereafter for communications with the Nuclear Regulatory Commission related to SSES. Accordingly, all communications to PP&L and AE pertaining to SSES should continue to be sent to:
