Dear Mr. Denton:

In the Matter of the) Docket Nos. 50-259
Tennessee Valley Authority) 50-260
50-296

By my letter to you dated August 14, 1984, we submitted the Browns Ferry Integrated Schedule and requested that it be incorporated into the operating license. A check for the \$150 amendment fee as required by 10 CFR Part 170.12 was enclosed with that letter.

As discussed with your staff, we are submitting as an enclosure a proposed paragraph for incorporation of the Browns Ferry Integrated Schedule into the operating license. We will be working with your staff to obtain final NRC staff approval of the integrated schedule and this license amendment.

This is being reviewed concurrently by the Browns Ferry Nuclear Safety Review Board.

If you have any questions, please get in touch with us through the Browns Ferry Project Manager.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
