Dear Dr. Grace:

Please refer to my letter to you dated June 14, 1985, which contained our response to OIE Inspection Report 85-26 for our Browns Ferry Nuclear Plant. Our response to the violation should be revised as follows:

4. Corrective Steps Which Will be Taken To Avoid Further Violations

Procedures will be revised to ensure holdpoints and acceptance criteria are more clearly defined. Individuals responsible for the noted discrepancies will receive documented training in accordance with plant procedures on corrective personnel action.

This was discussed between Mike Hellums of my staff and Art Johnson of your staff on July 2, 1985.

If you have any questions, please get in touch with R. E. Alsup at FTS 858-2725.

To the best of my knowledge, I declare the statements contained herein are complete and true.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
