In the Matter of
 PENNSYLVANIA POWER & LIGHT COMPANY
 ALLEGHENY ELECTRIC COOPERATIVE, INC.
 (Susquehanna Steam Electric Station, Units 1 and 2
 Docket Nos. 50-387 and 50-388

Dear Sir:

Enclosed for filing are three originals and nineteen copies of an "Application for Amendment of Construction Permits Nos. CPPR-101 and CPPR-102 to Extend Construction Completion Dates."

The Application regarding Construction Permit No. CPPR-101 is a Class II amendment as it has no safety or environmental significance and is pro forma and administrative in nature. The Application regarding Construction Permit No. CPPR-102 is a Class I amendment as it is a duplicate of an amendment for a second essentially identical unit at the same site, where both proposed amendments are received, processed, and issued at the same time. I have therefore enclosed two checks. One is in the amount of \$1,200 for the Class II Amendment and the second in the amount of \$400 for the Class I Amendment.

Sincerely,

 Bryan A. Snapp
