Docket Nos. 50-387 and 50-388

Dear Mr. Youngblood:

This memorandum confirms our discussion with Mr. Owen Thompson, April 2, 1981 on the above subject.

The subcontractor who performed this work was administered by Bechtel Power Corporation subcontract engineers. These engineers verified that proper materials and compacting equipment were used by the subcontractor.

The Bechtel subcontractor engineers maintained daily monitoring logs which indicate that the technical specifications were met. Finally, Bechtel provided to PP&L a written statement that the subcontractor had completed the work in accordance with all subcontract terms and conditions.

Very truly yours,

N. W. Curtis
