Dear Mr. Grier:

This supplements the above listed correspondence and provides an update on the projected completion date.

Our architect engineer, Bechtel Power Corporation, has advised us that a final report on the defective condition (MCAR 1-36) will not be available until at least March of 1981.

Consequently we expect to provide the Commission with our final report in April, 1981.

Very truly yours,

N. W. Curtis
