Dear Mr. Muller:

This is in response to your letter dated January 19, 1973,  
wherein you requested comments on the draft environmental  
impact statement for the Susquehanna Steam Electric Station,  
Units 1 and 2, Pennsylvania Power and Light Company, Docket  
Numbers 50-387 and 50-388.

The Department of Health, Education, and Welfare has reviewed  
the health aspects of the above project as presented in the  
documents submitted. This project does not appear to represent  
a hazard to public health and safety.

The opportunity to review the draft environmental impact  
statement is appreciated.

Sincerely yours,

*Richard L. Seggel*
