APPLICANTS' MOTION FOR PARTIAL
SUMMARY DISPOSITION OF
CONTENTION 17 (OZONE)

Pennsylvania Power & Light Company and Allegheny Electric Cooperative Inc. ("Applicants") move the Atomic Safety and Licensing Board, pursuant to §2.749 of the Commission's Rules of Practice (10 C.F.R. §2.749) and the Special Prehearing Conference Order of March 6, 1979, LBP-79-6, 9 NRC 291, 328, for summary disposition in Applicants' favor of that portion of Contention 17 in this proceeding which alleges that the 500 kV transmission lines to be utilized by Applicants for transmitting the power generated by the Susquehanna facility "generate dangerous levels of ozone that will cause more injury to vegetation than any other pollutant, and can also have harmful effects on human health." As grounds for their Motion, Applicants allege that there is no genuine issue of material fact to be heard

with respect to the quoted portion of Contention 17 and that Applicants are entitled to a decision in their favor on it as a matter of law.

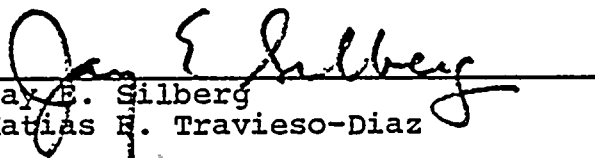

This Motion is supported by the Applicants' Statement of Material Facts as to Which There Is no Genuine Issue to be Heard (Ozone), the Applicants' Brief in Support of Motion for Partial Summary Disposition of Contention 17 (Ozone), and the Affidavit of Robert F. Lehman in Support of Summary Disposition of Ozone Contention, all filed simultaneously herewith, together with all pleadings and other papers in this proceeding.

As set forth in the March 6, 1979, Special Prehearing Conference Order, supra, 9 NRC at 328, responses to this Motion are due three weeks from its filing date.

Dated: August 22, 1980.

Respectfully submitted,

SHAW, PITTMAN, POTTS & TROWBRIDGE
