Dear Mr. Youngblood:

We previously committed (in PLA-659) to have the NSSS vendor (GE) review the startup tests and emergency procedures prior to fuel load. We will document the GE comments and PP&L's resolutions. Documentation will be maintained at the plant.

This commitment will allow NRC to close open item no. 77 and perform a confirmatory review.

Very truly yours,

A handwritten signature in cursive script that reads "N W Curtis". The signature is written in dark ink and is positioned above the typed name and title.

N. W. Curtis
