Thank you for your response of April 4, 1986, to our Notice of Violation issued on March 5, 1986, concerning activities conducted at your Browns Ferry facility. We are evaluating your response and will examine the implementation of your corrective actions during future inspections.

In addition to the action described in your response of April 4, 1986, walkdown samples were performed using drawings 730E915 and 730E918, which were described in a telephone communication on April 21, 1986, between Mr. M.
