REGULATORY DOCKET FILE COPY

August 22, 1979

Dr. Harold Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Dr. Denton:

The Pennsylvania Power & Light Company is in the process of reviewing the emergency plans for the Susquehanna Steam Electric Station. To do this, we need the full participation of various local governmental units and agencies, voluntary organizations and civil defense officials. We are forming an Emergency Plan Advisory Committee (EPAC) composed of about 25 to 30 people from these groups to review and provide local input on the emergency plan. We believe that NRC involvement in this effort would contribute to improved emergency planning for Susquehanna. Consequently, we invite you or your representatives to participate.

We estimate that EPAC will meet one or two evenings per week, or the equivalent, through the end of November. It will be necessary that the participants focus their efforts on a constructive review of the plan as it relates to public health and safety. The first meeting of EPAC will be held at 7:30 PM on August 30 at the Susquehanna Energy Information Center.

Please let me know if NRC will participate.

Very truly yours,

N. W. Curtis
Project Director-Susquehanna

Pennsylvania Power & Light Company
ATTN: Mr. Norman W. Curtis
Vice President-Engineering
and Construction
2 North Ninth Street
Allentown, Pennsylvania 18101

Gentlemen:

SUBJECT: SUSQUEHANNA STEAM ELECTRIC STATION

This letter confirms arrangements with Mr. William Barberich of your staff for a visit by several NRC and Argonne National Laboratory staff members to the proposed Pond Hill Flow Augmentation Reservoir and several alternative reservoir sites on August 22 and 23, 1979. I expect to accompany the group on the first day only.

If further contact with NRC regarding this site visit or our environmental review of the proposed reservoir is desired, please call Paul H. Leech on 301-492-8444.

Sincerely,

Donald E. Sells, Acting Branch Chief
Environmental Projects Branch 2
Division of Site Safety and
Environmental Analysis
