

January 31, 2018

Jose Cuadrado, Project Manager – Licensing Branch
Division of Spent Fuel Management
Office of Nuclear Material Safety and Safeguards

ATTN: Document Control Desk
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Docket No.: 72-1032, Certificate of Compliance (CoC) No. 1032

Subject: Submittal Date for Response to NRC's Requests for Additional Information (RAIs) for License Amendment Request 1032-4 to HI-STORM FW CoC No. 1032 (CAC NO. 001028)

Reference: "Amendment No. 4 to Certificate of Compliance No. 1032 for the HI-STORM Flood/Wind Multipurpose Canister Storage System – Request for Additional Information" (Letter from Jose Cuadrado (NRC) to Kimberly Manzione (Holtec) dated January 19, 2018).

Dear Mr. Cuadrado,

By letter dated January 19, 2018 (referenced), NRC staff documented their requests for additional information (RAIs) that are required to complete the detailed technical review of HI-STORM FW CoC No. 1032 Amendment 4. NRC requested that Holtec provide the additional information by February 18, 2018.

Holtec will be unable to submit the requested additional information by the February 18, 2018 deadline due to extra time required to work on some RAIs, and will therefore provide the RAIs responses on or before March 30, 2018.

If you have any questions, please contact me at (856)-797-0900 ext. 3844.

Sincerely,

A handwritten signature in black ink that reads "Royston Ngwayah".

Royston Ngwayah
Licensing Engineer
Holtec International

cc: Mr. Michael Layton (NRC)
Mr. Meraj Rahimi (NRC)
