Dear Sir or Madam:

Pursuant to 10 CFR 72.44, License Conditions, paragraph (f), the Department of Energy, Idaho Operations Office (DOE-ID) has made changes to the Emergency Response Plan for the Fort St. Vrain Independent Spent Fuel Storage Installation, STI-NLF-EIP-014 Revision 0 (formerly PLN-143) without Nuclear Regulatory Commission (NRC) approval. These changes were made to accommodate recent changes to DOE-ID's contractors and to update information identified during the document review process. Enclosed is the updated document (Revision 0) along with the FSV ISFSI Emergency Response Plan Update Report, (STI-NLF-RPT-040).

Please direct any questions to myself at (208) 526-5531 or Mr. Steve Wahnschaffe at (208) 526-4993.
