Gentlemen:

In the Matter of the) Docket Nos. 50-259 50-327
Tennessee Valley Authority) 50-260 50-328
50-296

BROWNS FERRY NUCLEAR PLANT (BFN) - TVA BFN TECHNICAL SPECIFICATION CHANGE
NO. 246 AND SEQUOYAH NUCLEAR PLANT (SQN) - TECHNICAL SPECIFICATION CHANGE 88-12

References: TVA letter regarding BFN Technical Specification change No. 246
dated June 17, 1988

TVA letter regarding SQN Technical Specification change No. 88-12
dated June 13, 1988

As Chairman Runyon indicated in his testimony to the Commission on June 21, 1988, it is extremely important that the reorganization of TVA's Office of Nuclear Power be implemented in tandem with the other TVA organizational changes which are now scheduled to occur on July 1, 1988. As part of the organization change proposed for the Office of Nuclear Power, TVA has pending before the Commission a request to amend its technical specifications for the SQN and BFN nuclear facilities to conform to Generic Letter 88-06. Approval of these technical specifications by July 1, 1988 is essential to the complete implementation of the agency-wide organizational changes TVA has proposed to achieve a more effective and responsive organization. Your timely assistance in permitting us to meet this schedule will be greatly appreciated.

Due to the evolving nature of certain of these organizational changes and the resulting revisions in the ultimate form of TVA's submission, it was not possible to submit these applications in sufficient time to meet the 30-day comment period. However, please be assured that these submissions were in no way delayed to avoid the use of normal public notice and comment procedures or to create an exigency.

Very truly yours,

TENNESSEE VALLEY AUTHORITY

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific requirements for record-keeping, including the need to maintain original documents and to keep copies of all supporting documents. It also discusses the importance of regular audits and the role of internal controls in ensuring the accuracy of the records.

3. The third part of the document discusses the consequences of non-compliance with the record-keeping requirements. It notes that failure to maintain accurate records can result in severe penalties, including fines and imprisonment, and can also damage the reputation of the individual or organization involved.

4. The fourth part of the document provides a summary of the key points discussed in the document and offers some practical advice for ensuring compliance with the record-keeping requirements. It concludes by emphasizing the importance of maintaining accurate records as a fundamental principle of good financial practice.
