Nuclear Regulatory Commission
Region III
2443 Warrenville Road, Suite 210
Lisle, Illinois 60532-4352

REFERENCE: Response to Control # 602328

To: Whom It May Concern

In response to the request for additional information needed to review the license renewal request of By Product Materials license # 24-32075-01.

1. We would like to request a higher possession limit of 400 millicuries radioactive materials authorized by 10 CFR 35.300. We are requesting this increase due to an increase in patient volume.
2. We are not using any P.E.T. (positron emission tomography) radionuclides under this By Product Materials License.
3. We will follow the guidance in NUREG-1556, Volume 9, Revision 2, dated January, 2008, for providing dosimetry.

Thank you for your prompt attention to this application.

Sincerely,

Joseph F. Abutz, Jr.
Administrator
