JAN 30 2018

Jennifer Ricker, Interim Director
Illinois Emergency Management Agency
2200 South Dirksen Parkway
Springfield, Illinois 62703

Dear Ms. Ricker:

Enclosed is the Final After Action Report/Improvement Plan for the Clinton Power Station Radiological Emergency Preparedness Exercise held on November 1, 2017.

There were no Level 1 or Level 2 Findings identified for the State of Illinois or DeWitt, McLean, and Macon Counties.

There was one Level 2 Finding for Piatt County. The associated criterion was successfully redemonstrated on November 1, 2017.

Based on the results of the exercise, the planning and preparedness for the State of Illinois and affected local jurisdictions provide reasonable assurance that appropriate measures can be taken to protect public health and safety. Therefore, Title 44 CFR Part 350 approval of the offsite radiological emergency response plans and preparedness for the State of Illinois remain in effect.

If you have any questions, please contact Sean O'Leary, Chair, Regional Assistance Committee, at (312) 408-5389.

Sincerely,

A handwritten signature in black ink, appearing to read "Janet M. Odeshoo".

Janet M. Odeshoo
Deputy Regional Administrator
