ATLANTIC STATES LEGAL FOUNDATION, INC.

July 26, 1990

Director
Nuclear Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Sir:

I am attaching to this letter:

1. A letter from Retire Nine Mile 1 dated May 14, 1990 addressed to Chair Carr and each of the associate Commissioners;
2. A Staff Requirements memo dated May 22, 1990;
3. A June 21, 1990 response from Chair Carr with an enclosure entitled NRC STAFF RESPONSE TO SPECIFIC QUESTIONS AND CONCERNS RAISED BY ATLANTIC STATES LEGAL FOUNDATION, INC.;
4. A letter from Retire Nine Mile 1 dated July 26, 1990 addressed to Chair Carr and each of the associate Commissioners.

The questions that remain unanswered in the enclosed series of letters relate directly to the health and safety of the members of Retire Nine Mile 1 and indeed, all Central New Yorkers.

We ask, therefore, that you treat this correspondence as a Petition, brought pursuant to 10 C.F.R. Sections 2.202 and 2.206, to institute a proceeding to modify, suspend and or revoke Niagara Mohawk's license to operate Nine Mile Point Unit 1 until such time as the torus is repaired, the company implements every outstanding generic letter and bulletin relating to safety and until such time as the company achieves an inspection report that demonstrates that it has the requisite management capability to operate a nuclear power plant.

Sincerely yours,

Rosemary S. Pooler
