Dear Mr. Cohen:

Due to Federal Emergency Management Agency (FEMA) Region III scheduling conflicts, we are requesting that the date for the full-participation Susquehanna Steam Electric Station (SSES) exercise, currently scheduled for the week of November 15, 1999, be changed. We understand that when FEMA Region III brought the scheduling conflicts to the attention of U.S. Nuclear Regulatory Commission (NRC) Region I and NRC Headquarters, they concurred with the rescheduling and asked that the rescheduled date be in the year 2000 to relieve resource demands on their staff. Accordingly, we are asking that the SSES full-participation exercise date be changed to the week of October 31, 2000. The licensee, Pennsylvania Power and Light, and the affected Pennsylvania jurisdictions do not object to this change.

Thank you for your consideration of this request. If you have any questions, please feel free to contact me at (202) 646-3664.

Sincerely,

Vanessa E. Quinn
Acting Chief
