In the Matter of
Consumers Power Company
(Palisades Nuclear Plant)
Docket No. 50-255SP

Dear Mrs. Sinclair:

You signed and filed a petition to intervene on behalf of Great Lakes Energy Alliance in the captioned proceeding. As a potential intervenor, I thought it would be appropriate for you to have Palisades Plant Steam Generator Repair Report which is the basic documentation by the power company accompanying their January 3, 1979 request for a license amendment to replace the steam generators at the facility.

Sincerely,

Charles A. Barth
Counsel for NRC Staff
