3. US Coast Guard, St. Joseph Station:

The US Coast Guard may be notified in the event that control of water traffic appears necessary.

4. Covert Fire Department:

In the event of fire, the Site Fire Plan will be put into effect. (Palisades Plant Operating Procedure Section D-2.0 through D-2.5).

Agencies notified for information purposes include the following:

1. South Haven Board of Public Utilities - City Water Department:

The South Haven City Water Department will be advised in the event of a major uncontrolled release of radioactivity to Lake Michigan.

The responsibility of directing what eventual courses of action will be taken by the South Haven City Water Department lies with the Michigan State Department of Public Health.

2. Van Buren State Park and Palisades Park Superintendent:

The Site Emergency Director will notify both Van Buren State Park and Palisades Park Superintendents in the event of a major uncontrolled radioactive release. The responsibility of directing what eventual course of action will be taken by either and/or both Park Superintendents lies with the Michigan State Department of Public Health.

12.6.7 Protective Action

12.6.7.1 PROTECTION OF PERSONNEL

In all instances, effort shall be made to limit personnel exposure to the radiation limits specified in Title 10-CFR Part 20. Only under extreme emergency situations will the higher personnel exposure limits as specified in the National Council on Radiation Protection (NCRP)

In the event that neither the General Office Control Center Director, nor an alternate, are able to make such notification, the responsibility for the above notifications shall revert to the Site Emergency Director.

12.6.6.3 OFF SITE NOTIFICATIONS (LOCAL)

Local civil authorities will be notified as the situation may dictate for protection of the public, control of traffic, or possible evacuation of nearby residents.

Authorities which may notified for support are:

1. Michigan State Police (South Haven Post):

The Michigan State Police will be notified in the event of a major uncontrolled radioactive release. The State Police may be advised by the Site Emergency Director to broadcast precautionary instructions to the public. The precautionary instructions would be broadcast over Radio Station WJOR, South Haven, Michigan and would instruct persons within the affected area to remain indoors, close windows and doors, shut off ventilation equipment and not use uncovered food or water until further notification.

2. Van Buren County Sheriff or Berrien County Sheriff:

The Van Buren or Berrien County Sheriff's Department may be notified by the State Police as the situation requires to provide assistance in traffic control and notification of residents in the affected area. In the event that evacuation of residents appears necessary, members of the Sheriff's Department will work in conjunction with the State Police, State Department of Public Health and any Consumers Power Company Emergency teams utilized for this purpose.

- Mr. Vernon E. Shockley
Plant Health Physicist
Palisades Nuclear Plant
Route 2, Box 154
Covert, Michigan 49043

Dear Mr. Shockley:

This is in reply to your letter of February 5, 1979 concerning response by the Coast Guard during an emergency situation at the Palisades Nuclear Power Station, Covert, Michigan.

Upon notification of any emergency affecting waterborne activities, Coast Guard Station St. Joseph will respond in an appropriate manner consistent with their current operation. In the event of an emergency, Station St. Joseph may be contacted directly, telephone (616) 983-1371 or through Commander, Coast Guard Group Muskegon, telephone (616) 759-0951/52/53/54.

Sincerely,

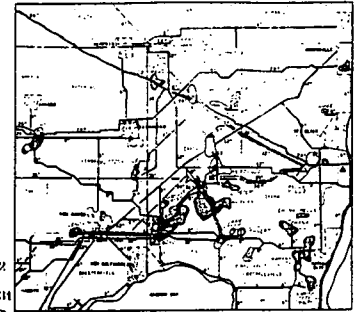

R. A. BAUMAN
Captain, U. S. Coast Guard
Chief, Operations Division
By direction of Commander,
Ninth Coast Guard District
