Subject: Change of Address Notice

This letter provides the NRC notice that the EnergySolutions Campbell, California office is closing on January 31, 2018. Effective immediately, all correspondence for EnergySolutions 10 CFR 71 Certificates of Conformance for our low level radioactive waste transport casks and correspondence for our 10 CFR 72 Certificates of Conformance for our spent fuel storage and transport cask systems should be addressed to:

Gerard van Noordennen
EnergySolutions
250 Berryhill Rd
Converse Building, Suite 400
Columbia, SC 29210

This letter contains no regulatory commitments. Should you have any questions regarding this notice, please contact me at (860) 462 -9707.

Sincerely,

Gerard van Noordennen
Vice President Regulatory Affairs
