- 1) Docket No. 70-143; SNM License 124
 - 2) NFS Category II Physical Protection Plan, Revision 002 (24T-17-0004) dated July 1, 2017
 - 3) NFS Category III Physical Protection Plan, Revision 005 (24T-16-0091) dated July 1, 2017

Subject: NFS Category II Physical Protection Plan, Revision 003 and Category III Physical Protection Plan, Revision 006

Nuclear Fuel Services, Inc. (NFS), hereby submits Category II Physical Protection Plan, Revision 003 (24T-17-0194) dated February 7, 2018, and Category III Physical Protection Plan, Revision 006 (24T-17-0195) dated February 7, 2018. These revisions are transmitted as 10 CFR 70.32(e) changes and do not lessen the security program effectiveness. The changes include minor updates to the following: NFS subsidiary information; materials of construction associated with some buildings; site acreage information; Building 310 Warehouse access, barriers, and lighting information; and, current Security organization structure.

Documents transmitted contain Unclassified Controlled Nuclear Information (UCNI). When separated from enclosures, this transmittal document does not contain UCNI.

The drawings enclosed herewith have the following statement affixed:

"This drawing and all information contained herein is the property of Nuclear Fuel Services, Inc. and shall not be used or disclosed for any purpose other than that for which it has been furnished without the express written consent of NFS."

Notwithstanding the language of this restriction, NFS acknowledges that reproduction and controlled distribution of submitted documents, in accordance with Nuclear

SODIA

NMSS20

Regulatory Commission (NRC) regulations and requirements, is necessary in order for the NRC to carry out its legal and regulatory responsibilities. Further, NFS acknowledges that reproduction and controlled distribution of these drawings by a third party authorized by the NRC is allowable by this language. Therefore, it is NFS' position that the enclosed drawings may be reproduced and distributed in a controlled manner, by a third party authorized by the NRC, for NRC's purposes and use without violation of the statement above.

If you or your staff have any questions, require additional information, or wish to discuss this further, please contact me, or Mr. Tom Evans, Security Director at (423) 743-1704. Please reference our unique document identification number (21G-18-0016) in any correspondence concerning this letter.

Sincerely,

NUCLEAR FUEL SERVICES, INC.

Richard J. Freudenberger, Director
Safety and Safeguards
