Dear Sue Brooks,

This is in reference to your letter dated January 25, 2018, requesting for amendment to Nuclear Regulatory Commission License No. 44-30912-01, Docket No. 03036563. In order to continue our review, we need the following additional information:

1. In your letter you stated that you had secured the approval of a rider changing the name of the indemnitor for the surety bond. We need to have an executable copy of that rider in case the surety bond needs to be executed. Please send us an original copy of the rider to the surety bond.
2. The last decommissioning funding plan cost estimate was dated November 21, 2014. 10 CFR 30.35(e)(2) requires the decommissioning funding plan be resubmitted with adjustments as necessary to account for changes in costs and the extent of contamination at intervals not to exceed three years. Please resubmit a decommissioning funding plan. Please see NUREG-1757, Volume 3, Rev 1, "[Consolidated Decommissioning Guidance, Financial Assurance, Recordkeeping, and Timeliness](#)," starting on page A-21. It is recommended that new value of the decommissioning cost estimate be determined before making any additional changes to financial assurance documents.
3. Due to the name change the following documents need resubmitted or revised:
 - a. Certification of Financial Assurance (Please follow the model starting on page A-19 of NUREG-1757, Volume 3, Rev. 1.);
 - b. Certificate of Events (Please follow the model on page A-139 of NUREG-1757, Volume 3, Rev. 1.);
 - c. Certificate of Resolution (Please follow the model on page A-140 of NUREG-1757, Volume 3, Rev. 1.); and
 - d. Schedule A of the Standby Trust Agreement (Please follow the model on page A-138 of NUREG-1757, Volume 3, Rev. 1.)

We will continue our review upon receipt of this information. Please reply to my attention at the Region 1 Office (Address below) and refer to Mail Control No. 602331. If you have technical questions regarding this letter, please call me at (610) 337-5366.
