

Form Regarding Evidentiary Hearing Exhibit Submissions

(Respondents are requested to provide an answer relevant to their participation in the Yucca Mountain adjudication.)

Although 10 C.F.R. § 2.304(g) requires that each item of written testimony (either for an individual witness or a panel) and each document to be utilized as an evidentiary hearing exhibit be submitted as a separate .pdf file, the particulars of how testimony or other documentary exhibits are to be submitted in a given proceeding to avoid duplication among participants or across the various admitted contentions are matters for the presiding officer to determine, in consultation with the participants. Nonetheless, so that we can obtain planning information about the potential number of evidentiary hearing documentary exhibits in the Yucca Mountain adjudication, using the assumptions provided below, please provide a **rough** estimate of the total number of items of written testimony and documents that you anticipate you will need to submit as evidentiary hearing exhibits relative to the contentions currently admitted for litigation in the Yucca Mountain adjudication.

For purposes of this estimate, please assume that (1) each item of written testimony or document will only need to be submitted once (even if pre-filed submission of written testimony and documents to be utilized as exhibits is required by the presiding officer); (2) each item of written testimony will be marked as an exhibit (rather than being incorporated into the transcript per 10 C.F.R. § 2.711(b)); and (3) each document that is to be used in support of your case will be marked as a separate exhibit, regardless of whether any other participant seeks to have that item marked as an exhibit.

Please note also that the estimates provided will be used solely for planning purposes, and will not be a basis for limiting the number of evidentiary hearing exhibits any party may ultimately seek to introduce in the Yucca Mountain adjudication.

Estimated Total Number of Exhibits: 200 to 300

Form Regarding Database Sizing and Current Capabilities

(Respondents are requested to provide answers to all questions relevant to their participation in the Yucca Mountain adjudication.)

1. If the Yucca Mountain adjudication should be re-instituted, do you plan to participate?

(yes) (no)

COMMENTS:

2. If your response to Question 1 is "yes," consistent with the dictates of 10 C.F.R. Part 2, Subpart J, do you have, or anticipate having, additional documentary material, as defined in Subpart J, to be added to a reconstituted or replacement LSN?

(yes) (no)

COMMENTS:

3. If your response to Question 2 is "yes," please select one of the ranges listed below to indicate a **rough** estimate of the volume of the additional documentary material (including header-only documents) that you would anticipate providing for availability to other participants in the Yucca Mountain adjudication.

- A. less than 100 items of documentary material
B. between 100 and 500 items of documentary material
C. between 500 and 1000 items of documentary material
D. more than 1000 items of documentary material
(If your answer is "D," also indicate the estimated number to the nearest 1000 below)

"D" Estimate: _____ documents.

Please note that consistent with the format for submission of LSN documents to the Office of the Secretary (SECY) at the time of the LSN's operational termination in 2011, it is anticipated that documentary material generally would need to be submitted/made available in .pdf format.

COMMENTS:

4. What percentage of the documentary material rough estimate provided in question 3 is header-only material?

Header-only material: 5 percent

COMMENTS:

5. In conjunction with the operational termination of the LSN in 2011, Construction Authorization Board-4 (CAB-4) ordered that, in addition to providing copies to SECY, all Yucca Mountain adjudication participants should preserve their existing LSN collections. In the interim, have you preserved your entire LSN collection, including header information, as it existed at the time the adjudication was suspended so that it potentially could be made accessible to other Yucca Mountain adjudication participants via the LSN or a replacement system/process if the proceeding were to be reinstated?

(yes)

(no)

(If no, please indicate in the Comments section below what portion of your 2011 document collection, including associated headers, is available and potentially could be made accessible to other Yucca Mountain adjudication participants.)

COMMENTS:

6. Under 10 C.F.R. Part 2, Subpart J, each participant in the Yucca Mountain adjudication discovery process is required (separately or in conjunction with others) to make its documentary material and the associated headers available on a public webserver for periodic indexing by the LSN's indexing software. Do you currently have the capability to make your documentary material collection described in Question 4 above available for such indexing?

(yes)

(no)

COMMENTS:

7. If your response to Question 5 is "yes,"

- a. Is the public webserver configured as discussed in LSN Guideline 22 (ADAMS Accession No. ML050540065)?

(yes)

(no)

b. Do you still have in operation your repository "fetch" server as discussed in LSN Guideline 22?

(yes) (no)

c. Are your documentary material/headers stored in the suggested file system structure found in LSN Guideline 22?

(yes) (no)

COMMENTS:

8. If your response to Question 5 is "no," in the Comments section below:

- a. Describe the type of media on which your documentary material/headers are stored.
- b. Provide an estimate of how long would be required to make your documentary material/headers readily available on servers configured as discussed in LSN Guideline 22.

COMMENTS:

Currently stored on digital Pdf format.

9. Has the header information associated with your documentary material remained unchanged since it was submitted to SECY in 2011?

(yes) (no)
(If no, please indicate in the Comments section below how many headers have changed and why.)

COMMENTS:

10. Are there any other issues regarding database sizing and current capabilities (other than those stated in the preceding "COMMENTS" areas) that need to be addressed at this time in preparation for the LSNARP meeting cited in Dr. Bates' August 11, 2017 memorandum?

NO
