Subject: RE: RE: Here are the documents requested.

Importance: High

Good Afternoon Dan: Please note that in Item 2 and 3 of your NRC Form 313, renewal application, the licensee is listed as Wilson & Company, Inc.; however, Item 1 of the current license and your signature line in your email below specifies the licensee as Wilson & Company, Inc., Engineers & Architects.

Please clarify this discrepancy.

Please submit your response by close of business Monday, March 12, 2018. If additional time is needed to submit your response, please contact me and give me an alternate date.

Thank you in advance,

Ms. Jacqueline "Jackie" D. Cook

Jackie,
I will have Chris's information sent to you on Friday. Our record keeper will be back in the office then.

Thank You, Dan

Reviewer: JAC Date: 2/22/18

Good Evening Mr. Aguirre: Your response to Item 3.C. of my request for additional information states that Chris' certificate of training (Radiation Safety Officer) from Troxler Electronic Laboratories is attached to the response; however, I was unable to find it.

Please submit documentation demonstrating that Mr. Chris Perea has the training and experience required to be a Radiation Safety Officer (RSO) (e.g., certificate of completion of the RSO's course and/or the authorized user's course).

Please submit your response by close of business Monday, March 12, 2018. If additional time is needed to submit your response, please contact me and give me an alternate date.

Sincerely,

Ms. Jacqueline "Jackie" D. Cook

Subject: [External_Sender] Here are the documents requested.

Jackie,
Good morning to you from NM.
Here are the documents that you requested of us.
I have the renewal letter with signed affidavit. The letter you sent to us with our response and I've also attached the additional information regarding the offsite storage, i.e. email conversation and leak tests for the Seaman gauge used during the period in question.
I'll be in the office for another day if there's anything else that you need.
Thank you,
Bill

William J. Ledford
Resident Project Observer
Radiation Safety Officer
