Subject: Maui Memorial Medical Center - Clear inspection Report

Phil,

I'd like to thank you for your time this morning and the staff at Maui Memorial Medical Center during the NRC inspection in Maui on February 6, 2018. As I briefly discussed this afternoon, the NRC has determined that no violations of significance were identified. The attached NRC Inspection Report (NRC Form 591M) documents the results of the inspection. This does not require you to take any action and you are not required to sign it or return it. I do however request a courtesy email response from you acknowledging receipt.

If you have any further questions, please do not hesitate to ask,
