

UNITED STATES NUCLEAR REGULATORY COMMISSIONCONSUMERS POWER COMPANYDOCKET NO. 50-255NOTICE OF WITHDRAWAL OF APPLICATION FOR  
AMENDMENT TO PROVISIONAL OPERATING LICENSE

The United States Nuclear Regulatory Commission (the Commission) has granted the request of Consumers Power Company (the licensee) to withdraw its November 5, 1982, application for proposed amendment to Provisional Operating License No. DPR-20 for the Palisades Plant, located in Van Buren County, Michigan.

The proposed amendment would have modified the Appendix A Technical Specifications (TSs) by adding instrumentation operability and surveillance requirements for certain NUREG-0737, specifically Items II.F.1.1 (Noble Gas Effluent Monitor), II.F.1.2 (Sampling and Analysis of Plant Effluents), II.F.1.3 (Containment Radiation Hi-Range Monitor), and II.F.1.6 (Containment Hydrogen Monitor).

The Commission has previously issued a Notice of Consideration of Issuance of Amendment published in the FEDERAL REGISTER on November 22, 1983 (48 FR 52811). However, by letter dated January 24, 1989, the licensee withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated November 5, 1982, and the licensee's letter dated January 24, 1989, which withdrew the application for license amendment. The above documents are available for public inspection at the Commission's Public Document Room,
