RE: Amendment Request to 13-03459-03  
Revised Request for Y-90 medical usage

Dear Ms. Forster:

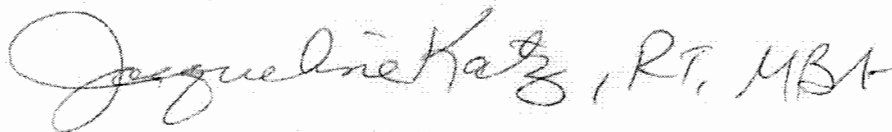

Our facility put in the wrong NRC license number for St. Mary Medical Center for our correspondence in regard to Y-90 for medical usage. We used the RAM number for St. Catherine Hospital in East Chicago, our sister facility (13-01148-01).

The correct license number is 13-03459-03 for the letters dates September 21, 2017; November 17, 2017; December 19, 2017 and January 11, 2018.

SIR-Spheres® yttrium-90 (Y-90) resin microspheres will be administered in accordance with the written directive.

Please consider our request for the amendment. If you have questions or need additional information, please contact Santosh Kar, MS, Radiation Safety Officer at (219) 836-1600 x31725 or email him at [skkar@comhs.org](mailto:skkar@comhs.org). Thank you for your time in processing this amendment request.

Sincerely,

Jacqueline Katz, RT, MBA  
Director of Medical Physics  
Community Healthcare System.
