"PUBLIC NOTICE TO BUSINESS PARTNERS "

The Atomic Energy Act of 1954 and the higher education act of 1965 contain the information required to prove beyond a reasonable doubt I possess a copyrightable object. This is instruction to my partners to obtain Copyright protection immediately. The pharmaceutical agent is in my possession and intellectual property laws must protect me. The protected activities have done nothing but destroy my life as of now and I deserve copyright royalties.

This site is responsible for giving me misleading information that I relied on in the past, so if for some reason this notice isn't received and my request isn't granted I may have to post my request in a local newspaper.

This is also an attempt to collect the damages I am entitled to receive.

Thank you

"In good faith"

Aaron Ahern
