Re: NRC Advanced Notification Program

Dear Mr. Easson:

Let this letter serve as notice that the Cabazon Band of Mission Indians is entitled to receive advance notification of shipments or irradiated reactor fuel and certain nuclear waste in accordance with Title 10 Code of Federal Regulation (10CFR) Parts 71 and 73.

The Cabazon Band of Mission Indians, in exercising its sovereign authority over the land within the exterior boundaries of the Cabazon Band of Mission Indians Reservation, and to further the Tribe's commitment to the safety of the community herein determine this action necessary.

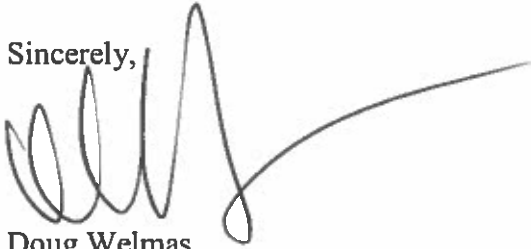

Please be advised that, in accordance with the Nuclear Regulatory Commission's Action: Final Rule and Implementation of Advance Notification to Native American Tribes of certain shipments of Nuclear Waste as posted in the Federal Register (NRC-1999-00S), the Cabazon Band of Mission hereby appoints Jacquelyn Barnum, Director of Environmental Compliance as the primary and Melissa Varela, Compliance Specialist as the secondary points of contact to receive Safeguards Information with respect to the NRC's final rule and Implementation of Advance Notification to Native American Tribes.

Also, be advised, Mrs. Barnum and Ms. Varela have completed the Safeguard Information (SGI) training and understand the terms and conditions detailed in the following documents:

- Safeguard Information Awareness Training
- Protection of Safeguards Information Requirements for Tribes participating in the Advance Notification of Irradiated Reactor Fuel Shipments.

Further, the Cabazon Band of Mission Indians confirms that the reservation boundaries, as shown in the attached map of the Cabazon Band of Mission Indians Reservation, are true and correct and should be referenced for shipping routes.

Sincerely,
