DOCKET 50-255 - LICENSE DPR-20 - PALISADES PLANT - SEMIANNUAL RADIOACTIVE
EFFLUENT RELEASE AND WASTE DISPOSAL REPORT - JULY THROUGH DECEMBER 1992 -
REVISION

Our letter dated February 26, 1993 submitted the Semiannual Radioactive Effluent Release and Waste Disposal Report for the Period from July through December 1992. Attachment 2 to that report contained Table HP 10.5-2, "Gaseous Effluents - Summation of Releases." Table HP 10.5-2, Section 3-Particulates, incorrectly lists one of the gaseous effluents as "Selenium-90" instead of "Strontium-90". Attached to this letter is the corrected Section 3 containing the proper listing of the "Strontium-90" effluent.
