Sarah/Julie,

As discussed, I request the deletion of the following two EPIDs:

- L-2017-LLO-0003 Orders - Nexus to NRC SNM Order – Waste Control Specialists
- L-2017-LLO-0004 Orders - Nexus to NRC SNM Order – Energy *Solutions*

The reasons for the deletion of the two EPIDs are because:

- The NRC has never charged to those two EPIDs, which should have been fee-billable
- There was never any past NRC review associated with either of those two EPIDs
- There is no current NRC review associated with either of those two EPIDs
- The two EPIDs refer only to a site, not to an NRC review, so there can never be a future NRC review associated with either of those two EPIDs
