Subject: [External_Sender] RE: REQUEST: Review and Comment on NRC's Marsland Draft Environmental Assessment - Comment Period Ends 01/29/18
Date: Monday, January 08, 2018 10:27:44 AM

Dear Jean,

On behalf of our Director Jeff Fassett, I am writing to thank you for your e-mail dated on December 15, 2017 inviting our review and comment on NRC's Marsland Draft Environmental Assessment (EA). Jeff appreciated the opportunity and asked me to review and comment on the EA.

After my review of the Draft EA, I am in agreement with NRC's evaluation of the Marsland Expansion Area (MEA) on water resources that the proposed MEA has "minimal" impact on the area water resources. Our agency's previous comments on the proposed MEA and its potential impact on existing surface water rights, groundwater wells and regulated floodplains documented in the March 14, 2013 comment memo, have been adequately addressed in the draft EA. Thus I would like to submit a "no comment" to the draft EA, on behalf of Jeff Fassett and our agency.

If you need additional information or have any questions, please contact me.

Kind regards,

Shuhai

Shuhai Zheng, PhD, PE, CFM
