SUBJECT: NOTICE OF VIOLATION (NRC INSPECTION REPORT
NO. 50-255/94013)

Dear Mr. Palmisano:

This will acknowledge receipt of your letter dated October 28, 1994 in response to our letter dated September 30, 1994, transmitting a Notice of Violation associated with emergency operating procedures (EOPs) at the Palisades Nuclear Generating Plant. As part of your corrective actions, an evaluation was to be performed to determine if further guidance was necessary in the administrative procedure which controls the EOP program. Based on discussions with Mr. Paul J. Gire of your staff on November 7 and 14, 1994, we understand the results of this evaluation will be submitted to the NRC by December 9, 1994. The acceptability of your proposed corrective actions will be evaluated at that time.

Sincerely,

/s/ Mark A. Ring
