Subject: [External_Sender] RE: Approved authorizations for Authorized Users

Hi Michelle;

This is what we have:

Dr. Jed Peterson, Good for 35.300 requiring a written directive in quantities less than 33 millicuries, and written directive for quantiles for greater than 33 millicuries.

Dr. Robert Scott, Good for 35.300 requiring a written directive in quantities less than 33 millicuries, and written directive for quantiles for greater than 33 millicuries.

Dr. Philip Hanline, is listed on a Virginia's RAM license for:

Section 1900: Use of unsealed byproduct material for uptake, dilution, and excretion studies for which a written directive is not required.

Section 1920: Use of unsealed byproduct material for imaging and localization studies for which a written directive is not required.

Section 1950: Use of unsealed by product materials for which a written directive is required.

Subject: Approved authorizations for Authorized Users

Good Morning Todd,

This is an email to follow-up on the telephone conversation we had this morning.

Please confirm the following:

Drs. Jed R. Peterson, Robert Scott Israel, and Philip Hanline are all authorized for oral administration of sodium iodide I-131.

Thanks
