Good morning Tom,

I am attaching a request to fulfill part B of the request for information letter sent November 27, 2017. These docs should be associated with WO 1360248 and hard-copied. I would like them available upon my arrival, March 14th.

Additionally, there are other supporting documents related to part A of the aforementioned request that would be most useful to me as soon as possible. These are also described by the attached. I prefer these documents in soft-copies or electronic format.

Separately, I indicated in the November 27, 2017 RFI a different inspection period than when I plan to arrive. I now intend to conduct a Wed-Wed (3/14-3/21) inspection, minus weekend dates (3/17 & 3/18), instead of the week of 3/12.

I believe my site access is current. If this is not the case, please advise.

Thank you.

Please feel free to contact me with any concerns.

Regards,

Matt Domke

Good afternoon Tom,

I am recovering from an email outage today, so I just noticed your response to my requests for information.

I'll review and let you and Ramon know what else I'll need for the upcoming inspection.

I am considering arrival for the pre-outage period, but I'll confirm after review of the provided information.

Thank you.
