NOTE TO FILE: EA-14-222 and IA-14-025
FROM: G. Michael Vasquez, Team Leader 
Allegation Coordination and Enforcement Staff

SUBJECT: Copies of Email Correspondence with Individual

Attached to this Note to File are copies of email correspondence with Mr. Chaisson (IA-14-025). This relates to his compliance with the ASLBP's Memorandum and Order dated July 2, 2015 (ML15183A056). Specifically, the email correspondence documented my explanation to him and his acknowledgement of the requirement for quarterly communication with the NRC required by Condition 2(a).

Mr. Chaisson –

We still have not received your email. Again, your email was due 12/31/2015. Please reply-to-all when you send it.

Subject: Quarterly Reply to the NRC (EA-14-122)

Mr. Chaisson,

I'm sending you this email documenting our telephone conversation yesterday. You told me that you were living in Morgan City, Louisiana for the foreseeable future (indefinitely). You stated that you were looking for a job and talked with Engineering and were going to talk with Global X-ray soon. You have been without a job for over a year.

We discussed possible dates for a face-to-face meeting in accordance with Condition 1(a)(i) of the Order. Tentatively, we talked about meeting in early February and the NRC staff could meet you in New Orleans (about 1 ½ hour drive for you). I told you I would work on setting it up and would be back in touch with you.

Next, I pointed out that we had not received an email about your quarterly activities (the Order requires that once per quarter, you must email NRC RIV via email (EA-14-222@nrc.gov) regarding engagement in NRC-licensed activities and a brief summary of these activities). You stated that you thought you needed to send the email only if you had been working in NRC jurisdiction. I told you that you needed to send us the information quarterly whether you worked in NRC jurisdiction or not.

As a reminder - your email must include a brief summary of the activities conducted in NRC's jurisdiction. This summary must include an overview of activities completed within the previous quarter and identification of known or intended work projections

and locations for next quarter. The last quarter ended on December 31, 2015, and as of this email we have not received your email.

You told me that you would provide your written summary for last quarter and next quarter. Again, please send your email to EA-14-122@nrc.gov or you can "reply-to-all" on this email.

Please be aware that there are other requirements related to working for an NRC licensee or an agreement state licensee who works in the NRC's jurisdiction under reciprocity. Before starting work for a licensee, please refer to condition 2 of the Order to remember the timelines for other notifications to the NRC and the licensee.

Thank you,

G. Michael Vasquez, Chief
Nuclear Materials Safety Branch A
Division of Nuclear Materials Safety
US NRC Region IV

Subject: RE: Fw: Quarterly Report
Date: Monday, February 01, 2016 8:50:13 AM
Attachments: [image001.png](#)

Mr. Chaisson,

I received your email. There is one error – you and I spoke on 1/20/2016, not 4/20/16, as you indicated below.

Also, today during our telecon, I noticed that you sent the email to an incorrect email address. Your email below was sent to EA-14-122 instead of EA-14-222.

Today, we spoke about having to change the date on the meeting to Feb 18, 2016 because of the availability of conference rooms in New Orleans around Mardi Gras (Feb 10). You also told me you had not received my email that I sent you last Thursday. So, I replied to your email and attached the email I sent you. We waited while on the telephone and the email I sent you (replying to this email), did not arrive in your in-box or spam email box. You said you'd text me on my NRC cell phone a little later this morning to let me know if you get the email.

I also told you that you cannot count on me reminding me every quarter about you sending in an email. You said you wouldn't now that you understand you need to send the email whether you've worked or not.

Be aware that you are in violation of the Order by not sending in the report by Dec 31. And, the point of our meeting is to discuss the importance of compliance with NRC requirements. We'll be in touch about the meeting date, time, and location.

Subject: Quarterly Report

To all concerned I misunderstood the quarterly letter that I am to file every quarter on my work status, I understood that I was to report my location and whom I was working for during that quarter and my knowledge of where I would be the following quarter and if it was to change I would send a new email with the location I was working in. After speaking with Mr. Mike on 4/20/16 I now know that I am to report even if I am not employed, so now I will no matter what send in a quarterly report of my status. As for the last quarter I was NOT employed by any N D T Company I was still under rehabilitation from my motorcycle accident on Jan. 22/15 and was fighting for disability. I informed Mr. Mike that I am currently residing in Louisiana at my Mothers in Morgan City, La. due to her getting up in age and I plan on staying in Louisiana for the next few years. Mr. Mike and I discussed about having the required meeting in New Orleans on or around Feb. 8th and I told him that would be fine with myself. Now since coming back to La. I have been filling out applications for employment a several different N D T Companies local and in TX, MS, AL, FL. as soon as I succeed with employment I will send a letter of notice to this same email address with the agreed information in the settlement agreement, but as of now since we reached the agreement I have not been employed in the N D T Industry in any Agreement State or N R C Jurisdiction State.

Thank You James Chaisson Sr.
