

**DEPARTMENT OF THE ARMY
U.S. ARMY TANK-AUTOMOTIVE AND ARMAMENTS COMMAND
6501 EAST 11 MILE ROAD
WARREN, MICHIGAN 48397-5000**

REPLY TO
ATTENTION OF:

AMSTA-MSP-Z

13 FEB 2018

MEMORANDUM FOR Ms. Karen L. McGuire, U.S. Army Tank-automotive and Armaments Command (TACOM), Safety Engineering Office, (AMSTA-MSP-Z), 6501 E 11 Mile Road, Warren, MI 48397-5000

SUBJECT: Appointment of Radiation Safety Officer

1. References:

- a. Army Regulation 385-10, The Army Safety Program, 24 February 2017.
- b. Department of the Army Pamphlet 385-24, The Army Radiation Safety Program, 30 November 2015.
- c. Title 10, Code of Federal Regulations (10 CFR), Energy.
- d. Nuclear Regulatory Commission Regulation NUREG-1556, Consolidated Guidance About Materials Licenses, June 2016.

2. Effective immediately and until revoked, you are hereby appointed as the U.S. Army TACOM Radiation Safety Officer.

3. The duties of the Radiation Safety Officer include:

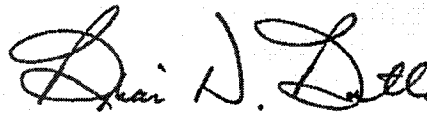

- a. Implement an effective radiation safety program for TACOM that addresses all Army radiation safety program requirements.
- b. Maintain situational awareness and oversight of the TACOM Radiation Safety Program and provide programmatic information and technical advice to the TACOM Chain of Command.
- c. Provide compliance policies and procedures, as well as oversight to all TACOM activities with a radiation mission, that are necessary for the efficient execution of the TACOM Radiation Safety Program.
- d. Provide advice and assistance to all TACOM activities concerning the administration of the overall command use of ionizing and non-ionizing radiation. This includes the ability to halt an operation at TACOM locations that may pose a risk of radiation exposure to personnel, and to provide recommendations to the TACOM

AMSTA-MSP-Z

SUBJECT: Appointment of Radiation Safety Officer

Commander to cease operations of TACOM radioactive commodities that are deemed to pose a radiation exposure risk to personnel.

e. In the event of a radiation related incident or accident, provide expert guidance as a member of the investigation team to resolve the issue, recommend corrective actions to prevent further incidents, and track the implementation of the approved corrective actions. Provide timely reports to the Commander, Headquarters, U.S. Army Materiel Command, Department of the Army Radiation Safety Officer, and the Nuclear Regulatory Commission as required.

BRIAN D. BUTLER

Deputy to the Commander

Sara,

Hi! Please see the two attachments (page 1 and 2 of the appointing orders).

Let me know if you need the document sent by mail or if you need anything else.

Thanks,
Karen

Sara,

A good number for me is my office phone at 586-282-7635. 1330 central
(1430 eastern) on 22 Jan works for me. I will wait your call.

Thanks,
Karen

Ms. Forster,

Hi! I am available all day on Monday, 22 Jan. Anytime after 0900 eastern time. I will be here regardless if the government is shut down, due to our NRC licenses. Just let me know when it is a good time for you. Do you want to call me or do I call you?

Thanks,
Karen

Dear Ms. McGuire:

I have reviewed your July 31, 2017 application for the renewal of the above-referenced radioactive materials license. Will you be available on Monday, January 22, 2018 for a phone conversation? I am available anytime between 10 am and 3 pm central time, to discuss the application with you. This is regardless of a government shutdown, as we expect that the NRC to be open through the end of next week, at a minimum, even if a budget or CR is not completed today.

Please let me know your availability for next week. I look forward to speaking with you soon.

Sincerely yours,

Sara A. Forster, Health Physicist Licensing Reviewer
