Subject: Letter Dated January 5, 2018 to add an AU for Y90
(NOTE: This will be used as the Documents Title in ADAMS)

I spoke with Ms. Wen regarding the amendment to add Dr. Tony Francis to their license as an AU for Y90 microspheres & theraspheres. I spoke with her to request additional information on his training.

I stated that we could not add him at this time unless he met the training criteria in the guidance. She admitted he did not have the required or could get the required cases in time before he started and would therefore withdraw the request. She will request to add him when he begins work under their license and obtains the required training.

Amendment will be voided.
