TN Americas LLC (TN) has identified that in the Revision 1 Updated Final Safety
Analysis Report (UFSAR) files transmitted with the referenced submittal two
versions of Chapter 12 were inadvertently included. Please replace the following
files listed in the Document Components list of the referenced transmittal from
January 31, 2018:

014 PUBLIC Encl 3 UFSAR R1 Ch 5 to 14.pdf

As discussed with our NRC EOS Project Manager, Yen-Ju Chen, on February 21,
2018, TN discovered that the SUNSI and Public UFSAR files containing Chapters 5
to 14 inadvertently included two versions of Chapter 12. Please replace the two
files in the referenced UFSAR Revision 1 transmittal with the respective files
provided in Enclosures 2 and 3. Since these are replacement files from the original
UFSAR Revision 1 enclosures, no enclosure cover pages are included in this
submittal. However, the replacement files are denoted in the enclosure list herein
and in the Document Components listing herein as Enclosures 2 and 3 and Encl 2
and 3, respectively.

This submittal includes proprietary information, which may not be used for any
purpose other than NRC staff use of the UFSAR. In accordance with 10 CFR 2.390,
I am providing an affidavit (Enclosure 1) specifically requesting that you withhold
this proprietary information from public disclosure.
