This document was prepared for the design certification application to the U.S. Nuclear Regulatory Commission and contains technological information that constitutes intellectual property of Korea Hydro & Nuclear Co., Ltd.

Copying, using, or distributing the information in this document in whole or in part is permitted only to the U.S. Nuclear Regulatory Commission and its contractors for the purpose of reviewing design certification application materials. Other uses are strictly prohibited without written permission of Korea Electric Power Corporation and Korea Hydro & Nuclear Power Co., Ltd.

General Description

This report includes a table that identifies the impact of each response to the Request for Additional Information (“RAI”) and Action Item (“AI”), and editorial corrections/minor changes by Self-Assessment relative to Design Control Document (“DCD”) Revision 1 of APR1400. This table denotes the RAI and AI responses that have been submitted until December 31, 2017 and editorial corrections/minor changes identified by Self-Assessment that have been incorporated into this Tracking Report.
