April 24, 1979

Mr. Boyce H. Grier, Director
U. S. Nuclear Regulatory Commission
Office of Inspection and Enforcement
Region 1
631 Park Avenue
King of Prussia, Pennsylvania 19406

Dear Mr. Grier:

NRC IE BULLETIN NO. 79-07
NO. 1 UNIT
SALEM GENERATING STATION

Pursuant to the telecon of this date between Mr. E. N. Schwalje, PSE&G's Manager - Quality Assurance, and Mr. R. W. McGaughy of your office, PSE&G hereby requests an extension to the current response due date of April 24, 1979 on the subject bulletin.

PSE&G Engineering has advised that the preparation of the required response involves interface with various consultants employed in the design phase. Furthermore, it should be noted that Salem No. 1 Unit is presently out of service for refueling.

It is therefore requested that a response due extension be authorized to the date of May 4, 1979.

Sincerely,

F. W. Schneider
