REGULATORY DOCKET FILE COPY

Dear Dr. Theofanous:

EMERGENCY INSTRUCTIONS
NO. 2 UNIT
SALEM NUCLEAR GENERATING STATION

Enclosed for your use is a set of the Emergency Instructions (EI) for No. 2 Unit of the Salem Nuclear Generating Station. These EI's are being sent to you at the request of Mr. Elpidio Igne of the Advisory Committee on Reactor Safeguards.

The enclosed EI's are the latest revisions. Several of these EI's have been revised, but are still in the various stages of the review cycle. These particular EI's have therefore been stamped "For Information Only." It is expected that any subsequent changes would be merely of a cosmetic nature.

EI 4.7, "Steam Generator Tube Rupture" may be further revised, pending evaluation of further information not yet received.

Should you have any questions, please do not hesitate to contact us.

Very truly yours,

R. L. Mittl
