August 21, 1980

Mr. Darrell G. Eisenhut, Director  
Division of Licensing  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Sir:

REVISION TO LICENSED OPERATOR STAFFING PLAN  
SALEM GENERATING STATION

Due to an oversight in the preparation of the typing of our letter "Licensed Operator Staffing Plan, Salem Generating Station" dated August 20, 1980 and delivered to you by messenger at 9:00 A.M. on August 21, 1980, part of the page 5 was omitted in the letter you received. This oversight was corrected and a revised letter was sent you you by Telex before noon on August 21, 1980.

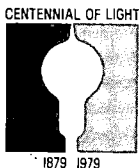

Attached is the original of the revised letter. Please apply the attachments of the letter you received to this letter and destroy the incorrect version.

Sincerely yours,

A handwritten signature in cursive script that reads "Frank P. Librizzi" followed by the initials "REB".

Frank P. Librizzi  
General Manager -  
Electric Production
