Dear Dr. Allen:

SIXTH QUARTERLY MEETING  
316(b) DEMONSTRATION  
SALEM NUCLEAR GENERATING STATION  
NPDES PERMIT NO. NJ0005622

Please note that the room location for the quarterly progress review meeting on the Salem 316(b) demonstration to be held at our 80 Park Plaza, Newark office, on October 29, 1980 at 10:00 a.m., has been changed. It will be held in the McCarter Board Room located on the fourth floor of the Tower. Please check in with the receptionist located on the second floor PSE&G lobby.

At the meeting, we are planning to discuss program changes reflecting the requested one-year program extension. The entire 316(b) demonstration would be submitted to EPA in June 1982.

Mr. Mark London (201/430-8074) of the Environment Division may be contacted for additional information or directions to our offices.

Very truly yours,

1007
