COPYRIGHT NOTICE

This document bears a NuScale Power, LLC, copyright notice. No right to disclose, use, or copy any of the information in this document, other than by the U.S. Nuclear Regulatory Commission (NRC), is authorized without the express, written permission of NuScale Power, LLC.

The NRC is permitted to make the number of copies of the information contained in these reports needed for its internal use in connection with generic and plant-specific reviews and approvals, as well as the issuance, denial, amendment, transfer, renewal, modification, suspension, revocation, or violation of a license, permit, order, or regulation subject to the requirements of 10 CFR 2.390 regarding restrictions on public disclosure to the extent such information has been identified as proprietary by NuScale Power, LLC, copyright protection notwithstanding. Regarding nonproprietary versions of these reports, the NRC is permitted to make the number of additional copies necessary to provide copies for public viewing in appropriate docket files in public document rooms in Washington, DC, and elsewhere as may be required by NRC regulations. Copies made by the NRC must include this copyright notice in all instances and the proprietary notice if the original was identified as proprietary.

Part 1 - General and Financial Information

1.0 General Information

This application seeks design certification of the NuScale Standard Plant pursuant to 10 CFR 52, Subpart B. NuScale requests NRC review, approval, and granting of standard design certification for the NuScale Standard Plant Design.

The material in this application is based upon work supported by the Department of Energy under Award Number DE-NE0000633. This application was prepared as an account of work sponsored by an agency of the United States Government. Neither the United States Government nor any agency thereof, nor any of their employees, makes any warranty, express or implied, or assumes any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, apparatus, product, or process disclosed, or represents that its use would not infringe privately owned rights. Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by the United States Government or any agency thereof. The views and opinions of authors expressed herein do not necessarily state or reflect those of the United States Government or any agency thereof.

The following general information is provided pursuant to 10 CFR 52.46.

1.1 Name of Applicant

This application is submitted by NuScale Power, LLC. All references herein to "NuScale Power" or "NuScale," as an entity, refer to NuScale Power, LLC.

1.2 Address of Applicant

NuScale Power, LLC's headquarters are located at 6650 SW Redwood Lane, Suite 210, Portland, OR 97224.

1.3 Description of Business

NuScale Power, LLC is engaged principally in the business of developing and marketing a nuclear power plant design based on the NuScale small modular reactor.

1.4 Restricted Data

The Application does not include any Restricted Data or other defense information requiring separation in accordance with 10 CFR 50.33(j). Safeguards Information and Security-Related Information are protected in accordance with applicable regulations.
