

APPENDIX A

NOTICE OF VIOLATION

Public Service Electric and Gas Company  
Salem Unit 1

Docket No. 50-272

As a result of the inspection conducted on March 1 through March 31, 1981, and in accordance with the Interim Enforcement Policy 45 FR 66754 (October 7, 1980), the following violation was identified:

- A. Technical Specification 6.8.1 states, in part, "Written procedures shall be established, implemented and maintained covering... the applicable procedures recommended in Appendix A of Regulatory Guide 1.33, November 1972." Regulatory Guide 1.33 Appendix A includes Paragraphs C.10 Main Steam Systems, C.14 Chemical and Volume Control System, C.18 Instrument Air System, and G.3.a PWR Gas Systems (Collection, Storage, and Discharge).

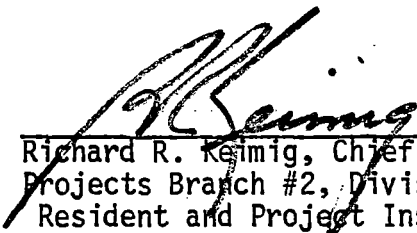

Contrary to the above, the following failures to provide procedures for portions of the above listed systems were identified;

- Intermittent use of valve 1CV243 to control Volume Control Tank pressure by venting to the vent header was not addressed by an approved operating procedure on March 11, 1981.
- Operation of valves 1DR97 and 1DR98 to provide and maintain seal water on the waste gas compressor seals was not addressed in an approved operating procedure on March 11, 1981.
- Operation of air supply valves to the redundant air supply for Main Steam Isolation valves was not addressed in an approved procedure on February 11, 1981 resulting in an automatic plant trip due to a closed valve.

This is a Severity Level V violation (Supplement I)

Pursuant to the provisions of 10 CFR 2.201, Public Service Electric and Gas Company is hereby required to submit to this office within twenty-five days of the date of this Notice, a written statement or explanation in reply, including: (1) the corrective steps which have been taken and the results achieved; (2) corrective steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved. Under the authority of Section 182 of the Atomic Energy Act of 1954, as amended, this response shall be submitted under oath or affirmation.

Dated APR 28 1981

  
Richard R. Keimig, Chief  
Projects Branch #2, Division of  
Resident and Project Inspection
